Journal of Mammalogy, gyaa178, <https://doi.org/10.1093/jmammal/gyaa178>.

At the request of the Authors and Editor-in-Chief, the following article has been retracted:

Molecular phylogenetic and taxonomic status of the large-eared desert shrew *Notiosorex evotis* (Eulipotyphla: Soricidae), with the designation of a neotype, *Journal of Mammalogy*, gyaa178, <https://doi.org/10.1093/jmammal/gyaa178>

The article was retracted because a holotype of *Notiosorex evotis* (Eulipotyphla: Soricidae) remains in existence at the United States National Museum. Accordingly, a neotype neither is required nor can be designated. The Authors apologize for the error.
