Conflict of Interest Statements for Advances in Nutrition Editors

Sean H. Adams
Dr. Adams’ institution, the Arkansas Children’s Nutrition Center, has received grants and contracts from the U.S. Department of Agriculture-Agricultural Research Service. In the role of Principal or Co-Investigator, Dr. Adams is involved in research supported by grants and contracts from the National Institutes of Health and the Dairy Research Institute (Dairy Management, Inc.). In addition, he serves on the Scientific Advisory Board for the Center for Children’s Healthy Lifestyles and Nutrition in Kansas City, MO.

Heiner Boeing
Dr. Boeing has no conflicts to disclose.

Catherine J. Field
Dr. Field has received an honorarium for serving on the Expert Scientific Advisory Council for Dairy Farmers of Canada. Dr. Field received research funding from the Alberta Canola Producer and Dairy Farmers of Canada. Dr. Field is an unpaid member of the International Life Sciences Institute (ILSI) North America Board of Trustees and ILSI North America’s Canadian Advisory Committee.

Grace S. Marquis
Dr. Marquis is an Associate Editor of the Annual Review of Nutrition. She is the principal investigator for research grants from the following institutions: Global Affairs Canada (Government of Canada); McBurney Foundation (through a grant to McGill University), and Canada Research Chairs Program (Government of Canada).

José M. Ordovás
Dr. Ordovás has no conflicts to disclose.

Robert J. Shulman
Dr. Shulman has received a research grant from Mead-Johnson, and serves as a consultant for Nutrinia, Inc. Beginning in 2016, he will also serve as a consultant for IMHealthScience, Inc.

Katherine L. Tucker
Dr. Tucker serves as the current section editor for Human Nutrition in Elsevier’s Reference Module in Biomedical Sciences. She has received research funding from Kraft Food Group, Inc., for analysis of National Health and Nutrition Examination Survey (NHANES) data, and consulting fees from Coca-Cola, Inc to participate as a steering committee member in the Latin American Nutrition and Health Study (ELANS).

Nancy D. Turner
Dr. Turner has received research funding from the United Sorghum Checkoff Board, the California Dried Plum Board, NASA, and National Space Biomedical Research Foundation. She provides consultation on intestinal health in companion animals to the The Nutro Company. She also serves on the editorial board of Experimental Biology and Medicine.

Xiang-Dong Wang
Dr. Xiang-Dong Wang has no conflicts to disclose.
