The name of Nasimul Ahsan was misspelled in the Table of Contents and on page 407 in the March 1988 issue. In the March 1988 issue the information preceding the Abstracts placed our Spring Meeting in Kansas City, Kansas. For those of you who may have assembled there while the papers and posters were presented in Kansas City, Missouri, our heartfelt apologies.

U.S./Canadian Mesothelioma Panel

The joint U.S./Canadian Mesothelioma Panel has reviewed approximately 120 cases in the 21 months since it was formed. The panel invites pathologists to submit problem cases to the panel for review free of charge. The panel is interested in accruing more cases and compiling the findings to help in clarifying the pathologic features of pleural and peritoneal mesotheliomas and tumors that mimic them. The panel includes Drs. H. Battifora, T. V. Colby, A. Churg, J. Churg, A. Hochholzer, S. D. Greenberg, W. T. E. McCaughey, S. Hammar, V. Roggli, M. Grimes, and K. Unni. Interested pathologists should contribute cases (especially paraffin blocks and tissue fixed for EM) to Elliott McCaughey, M.D., Canadian Tumor Reference Center, Ottawa Civic Hospital, 60 Ruskin Avenue, Ottawa, Ontario, Canada K1Y 4M9.
