

Erratum

The article "Microdetermination of Inorganic Phosphate, Phospholipids, and Total Phosphate in Biologic Materials" by E. S. Baginski, P. P. Foà, and B. Zak—*Clin. Chem.* 13, 326 (1967)—contains an error. The statement in parentheses under Procedure, Inorganic Phosphate (p. 328) should be under the Determination of Total Phosphate as described on the same page. The dilution of red cells for inorganic phosphate determination should be 1:5.
