

Correction

This is a correction to the Book Review by Rodolfo Ribeiro C Marques of *The Rights of Refugees under International Law* by James C Hathaway, *International Journal of Refugee Law*, Volume 35, Issue 1, March 2023, Pages 146–149, <https://doi.org/10.1093/ijrl/eead011>

The following changes have been made to the originally published version of this manuscript.

On page 147, the last sentence of the second paragraph now reads: “Even if one were to resort to the circular reasoning of consulting the historical intentions of the drafters of the VCLT, one would quickly realize that they were not very enthusiastic about using the preparatory work of treaties as a means of interpretation.⁵” instead of: “Even if one were to resort to the circular reasoning of consulting the historical intentions of the drafters of the VCLT, one would quickly realize that the Committee was not very enthusiastic about using the preparatory work of treaties as a means of interpretation.⁵”

On page 148, the second sentence of the fourth paragraph now reads: “However, the fact that ‘sixty states have participated in acts amounting to *refoulement*’ (p 451) is insufficient to demonstrate consistent State practice.” instead of: “However, there is no consistent State practice because it would be insufficient that ‘sixty states have participated in acts amounting to *refoulement*’ (p 451).”
