TO THE SUBSCRIBERS OF THE JOURNAL

The quantity of worthwhile articles received for publication is ever on the increase; this is a healthy condition. You have probably noticed that the size of all the issues has been increased accordingly.

These larger issues mean higher production costs. This is inescapable, if quality is to be maintained.

Therefore, beginning with the January 1964 issue, the price per volume will become $15.00 (for foreign subscribers, add $1.75 for postage). The single-copy price will become $4.25.
